

Newcastle Coal
INFRASTRUCTURE GROUP

APPLICATION FORM

COMMUNITY ENGAGEMENT GROUP

Newcastle Coal Infrastructure Group (NCIG) is inviting applications from enthusiastic members of our local community to join the newly-established Community Engagement Group (CEG).

The CEG is a forum to provide local residents and other interested members of our community with important information about NCIG's operations. It will also give a voice to our community in matters such as operational activities, environmental performance and community investment initiatives.

At NCIG, we aim to develop trusting relationships with our stakeholders and to provide opportunities for the community to help guide our business. We are seeking people for our CEG who are passionate about our local area and have a particular interest in the local economy, environment and community.

APPLICATIONS CLOSE 18TH MARCH 2019

Name: _____

Address: _____

Phone: _____ Mobile: _____
